8:45	Welcome	Devin
8:46	Approve Minutes: - <i>Danielle approved minutes and Darcie seconded</i>	Darcie
8:47	Penryn Fire: - <i>Renee here on behalf the Friends of Penryn Fire. Our fire district in Penryn is in jeopardy of being closed down. We need more votes to help make measure A go through. The fire department can't petition for their own tax measure. You can get involved on walking dates on June 10th and 17th. Meet and greet is June 3rd at the fire department. You can come and get your questions answers and see what they don't have. They have had a lot of cuts to their pay, no retirement and no pension and low low benefits. We are going to pay more no matter what. Fire department goes away and homeowners insurance will go up. Majority of calls are medical. \$240 a year per homeowner in your property taxes. We will lose experience and the medical response time. Friendsofpenrynfire.org for info or email friendsofpenrynfire@gmail.com. Ballots go out June 12th for voting. Always looking for donations to help. They have earned around 3k so far. Still need much more to save this wonderful asset to the community. The amount of money they are asking for is to keep the department where it is and not make it better. It's just going to help sustain. This money will go directly to Penryn fire. Should Penryn fire</i>	Renee Altaffer

*ever close, this money will stop being deducted.

- 8:50** **Learn, Love, Grow** **Nisha Brown**
This program is home of 30,000 families and she has toured it to 276 cities last year. There is a facility in Granite Bay. Series of different work shops developed by the kids. They take them to the store and have them buy food and help them cook. They will present their projects to the communities, make crafts, wonderful meals, etiquette, and filming commercials. They will have 10 speciality summer camps this summer. Go to learnloveandgrow.com to see the list of difference camps.
- 8:55** **Buckaroo Review** **Devin**
\$19,749 was earned. 8k less than last year, but still a great amount. Thank you for everyone who helped. March 16, 2018 is the date for next year. The check out was better with the software. Some complaints on water not being free. Maybe a jug out of water out. Attendance was good and the same from last year. The live auction was down and the alcohol sales were down. Maybe we can curtail our live auction to the needs and wants of what is happening that year at the school. Look into contacting more alumni to attend as well. DJ and photo booth were great.
- 9:00** **Mother/Son Event Review** **Devin**
Great event-fishing & picnic. Pictures taken will be sent home with students by next week. Devin asked if Friday or Saturday night would work better but majority liked Sunday best.
- 9:05** **Principal's Report** **Cara Alfonso**
Extended day is going to go to band room and art room and distribute to the library and computer room. In the morning, kids will check into the library for admittance. Extended day room will become storage room. The work room is being torn down and replaced with two big storage units. The new playground equipment is being replaced this summer. Asphalt repair in lower lot. They will reverse the flow in that parking lot and change the parking lot positions. They will be putting lights and electrical boxes down by the parking lot and one up by the office. There will not be any painting going on at Penryn this year. It's on the to do list for sure.

Nurtured heart approach flyer was passed out for a Learning The Essentials of the Nurtured Heart Approach for May 20, 2017. Go to www.playtherapywithlyla.com

- 9:10** **Teacher's Report** **Joyce Mucher**
Last week was wonderful for the teachers. Every year they feel more pampered. The staff really appreciates it a lot and really appreciate the PTC for all the support. We appreciate the lunch ins and breaking bread together as a staff and come together and collaborate. Side note on the Buckaroo...the alumni table can be used more and they feel compelled to give back to this school. There is something there to reach out to these people and see what we can do to entice and include them. Maybe Tracy Saunders can be the spear head of this alumni because she is so amazing and has been at Penryn as a family and staff member.
- 9:15** **Treasurer's Report** **Mary/Devin**
Our budget is very healthy. Continue our efforts and our programs and our budgets.
- 9:20** **President's Report** **Devin**
*Think kindness assembly was locked in for September 15th. They come in and teach certain specifics on kindness for each grade level. Kids are asked to step up and share kindness all around. It's boomeranging kindness out to everyone throughout the whole year. Really digs into to being kind. Principals in the community really loved it. Thinkindness.org
School improvement ideas: blackout curtains. We have been looking at the portable AC units. We will be getting two over the summer from the PTC to help cool the multipurpose room. Hooks for the junior high area backpacks and other classrooms as well. We will not be doing box of supplies this year.*
