Time	Item	Owner
8:30am	<b>Welcome</b>	Debra
8:31	<b>Approve Minutes</b>	Debra and Jeannette
8:32	<b>PTC Topics</b> -Go the distance: Kristin Wittenberg taking the lead, discussed relay teams and color run for the kids. Rally led by Del Oro students taking place on April 29th. -Yearbooks: available online now \$22.00 each, or family discount when 3 or more are ordered \$19.00 each. Mrs. Connolly heading up, email has been sent out with information.	Debra
8:35	<b>Treasurer's Report</b> -Updated financials given to Debra. On file if needed. -Computer Lab/Tech Lab Update: teachers have a vision as to what they want lab to look like specific to each of their needs. For example: 3D printer, green screen, chromebook computer cart, STEM activities, ipads, video cameras. Specific technology for appropriate age level. Cara, Debra and Jeannette had a meeting with Cinnamon to discuss ideas. Cinnamon is designing a 3 year plan includes district contributions. If PTC provides items, they are responsible to replace/refresh when needed. Discussed having paddle bids/donations at Buckeroo to go specifically towards a 3D printer. Del Oro has one and would be great to introduce our students to it.	Cheryl
8:48	<b>Teachers Notes</b> -They are so happy to have the backpack hooks! Wanted to say thank you! -They are planning to have the Appreciation Breakfast on field day, June 3. -Discussed thoughts on relevance/importance of continuing to have Starstruck and Sami's Circuit next year. All in attendance expressed benefits of Starstruck for all grades thus need to keep it. Discussed downsizing Sami's Circuit for just K-4th grade and how to adjust that since price does not change. Currently combine grades when participating, can have grades attend individually. Another benefit of Sami is that he hosts the FunRun and attends reading event. In lieu of Sami's Circuit for older grades possibly do some type of assembly like having a motivational speaker. -Art program budget: \$10,000.	Joyce Mucher

9:06	<p><b>Principal Notes</b></p> <p>-Had meeting with Debra and Jeannette to discuss ideas for redesigned computer lab (see above). Would like to have art supplies available, too. Suggested taller tables for students to stand at and collaborate. Wants to make sure it's relevant.</p>	Cara
