| 6:10 | <b>Principal Update-</b> We are headed into another new transition with bringing the students back to school 4 days a week. Please keep in mind that some students may be overwhelmed or anxious after having been on distant learning or with only half of their classmates since early last year. The Penryn staff will be working with counselors to help students cope. Board mtg tonight at 7pm. Gordon will speak to the increase in "in seat" instruction. Teachers will have a lot on their plate as they try to fill educational gaps as well as social and emotional needs brought on by Covid. Cara gave a special thank you to the Harvest Festival team and to Tina Pourfathi for generating so much for the school through the read-a-thon.  | Mrs. Mucher<br>Darcie     |

Shop online and log on as you regularly would at smile.amazon to benefit your school. Proceeds from your sale is given back to the school. A meeting should be held regarding the computer lab, the vision laid out, and a plan made to begin the construction of the lab funded by the PTC. Per the teachers, the lab should also have an area for creativity and the arts which could consist of an outdoor stage that the PTC is willing to fund. |                           |
